\*The relative air humidity must be 45% at least when in use. To ensure the suitability for castor chairs, it is absolutely necessary to observe our instructions for the cleaning of carpets in an evident way.

The wear layer of Ruckstuhl carpets consists almost exclusively of natural fibers. The colour and structure may deviate from the samples you have been shown. Use of the carpet may result in changes to the colour and structure. Such changes are characteristic of natural materials and cannot be seen as grounds for a complaint.
